Artists have the opportunity to explore a wide variety of media including pastels, acrylic painting on canvas, printmaking, sculpture, collage, woodblock painting, metal design, and bookmaking. Art History is a strong portion of the class. Each week students will be introduced to a famous artist. Each student will be shown examples of the chosen artists work and encouraged to participate in a short discussion while creating their art. The last week of class your artist will have a picture taken with a chosen work that was created during the class. Pictures will be emailed to parents so please provide your email address in the beginning of the class. Students are encouraged to think outside the box and explore using a wide variety of media. Bring a smock or old large tee-shirt to class because we will get messy!!! \$20 materials fee payable to the teacher.
